

NYA LEADERSHIP ACADEMY

AUGUST 12 – 16, 2019

Leadership is unlocking people's potential to become better.
Bill Bradley

Greetings!

We are pleased to announce the 2019 NYA Leadership Academy! Here is some information about the trip. Students may apply up until April 15.

What is the NYA Leadership Academy?

The NYA Leadership Academy is a program where NYA Middle School Students spend five days hiking across the high peaks wilderness of New Hampshire's White Mountains. During that time, students learn about, and practice, leadership. Students work together as a team to cross some of the most challenging and beautiful terrain in America. The group stays at the Appalachian Mountain Club's high mountain huts, above treeline, and learns about the unique history and ecology of the White Mountains. Each student will have a chance to lead the group, and to take on different responsibilities. Through individual conversations, daily journaling, group conversations, and facing challenges, students will learn about their own individual leadership styles and will leave the program with improved self-knowledge and goals that they will apply to the coming school year. This is not merely a fun hiking trip (though it is that also!), but is also a laboratory for students to develop personal grit and leadership skills.

Who is eligible?

The Leadership Academy is open to rising 7th and 8th graders at NYA. Students should be physically and mentally capable of hiking for four strenuous days in the mountains.

What is the cost?

The Leadership Academy costs \$800. There is some financial aid available.

What kind of gear is needed?

A Gear list is included below. It is also possible to borrow some gear from the Appalachian Mountain Club.

Where will the group be staying?

We will be staying at the Appalachian Mountain Club's High Mountain Huts, which include bunkrooms and great food. Staying at the huts with people from around the world and learning about hut culture is one of the best parts of the trip. **We can accommodate individual dietary needs.**

What kind of trip preparation is involved?

Before the trip, students should be physically active and get out for some hikes, taking care to break in their hiking boots.

On **Monday, June 3 we will have a pre-trip meeting for kids from 12-3 PM** where we will discuss the trip, gear, leadership styles, and team-building. Parents will be welcome to come from 2:30-3:00 to learn about gear and other details.

What about the solo hike?

On our final day, students do a solo hike for approximately 30 minutes to reflect and build confidence, but they are never far from other students and faculty. We do it in such a way as to be completely safe.

How do I apply?

Students should fill out the application below by April 15.

Essentially, each student should write a paragraph that includes the following:

- **Why they want to participate**
- **What they hope to get out of the program**
- **How they hope to contribute to the group**

We ask for a \$350 down payment (submitted to Ms. Ramsey) by April 25, with the rest of the payment by July 15.

Additional information: The White Mountains are a wonderful and dynamic place to hike!. The temperature in late August on top of Mt. Washington can range from highs in the 50's to lows in the 30's with the possibility of everything from rain to sleet to snow! Please be sure that you have everything on the gear list as there could be times when you are wearing every piece of clothing you bring. For more information be sure to visit the following sites:
