

The NYA network uses specific programs for the various technological needs of the students. As a result there may be some programs that students have at home that are not supported by the technology found at NYA. Below is a list of various file formats that should will be usable on campus.

Word Processing:

Save all your text documents as either a “Word Document” (.doc or .docx) or a “Rich Text File” (.rtf)

PowerPoint Presentations:

Save all your presentations as a “PowerPoint Presentation” (.pptx or .ppt)

Spreadsheets:

Save all your spreadsheets as either a “Excel Workbook” (.xlsx or .xls) or a “CSV File” (.csv)

Videos:

Save all your videos as either a “QuickTime Movie” (.mov) or a “Windows Media Video” (.wmv)

Audio:

Save all your audio as either an “Mp3 file” (.mp3), “WAV file” (.wav) or a “Windows Media Audio Files” (.wma)
