

ERIC FENTON

William Eric Fenton was a member of the North Yarmouth Academy class of 1988 and one of the most fluid and talented athletes ever to wear an NYA jersey. As a soccer goalie, he was amazing not only for his ability to stop the ball but also to kick it nearly the length of the field. As a baseball pitcher and hitter, he used his size and strength to great advantage, hitting a line drive over the fence at Bennett Field onto Route 1, at least once. As a hockey forward at NYA and the University of Maine, he was known for his graceful power on the ice. Eric's passion and lengthy professional career including several years as a member of the Portland Pirates have brought distinction to North Yarmouth Academy.
