

**North Yarmouth Academy After School Activity Locker Room Plan, 2020-21**

*Winter is here!*

Carefully read the following information related to the use of student locker rooms between the end of the academic day and beginning of afterschool activities.

Students are encouraged to depart campus directly after school and return, dressed and ready for practice, if possible. Students who remain on campus are expected to adhere to all school policies while awaiting the start of their winter activity, whether supervised or not.

General Notes for all Students

- Locker rooms are for pre-practice use and are not available at the conclusion of after school activities.
- Students should bring all of their academic and athletic belongings with them to practices and depart for home at the conclusion of their activity.
- If a student has a free last period, they are encouraged to change into afterschool activity attire then.
- Leniency on the dress code for this purpose will be allowed for students with practice directly after school only.
- Students waiting to enter a locker room must appropriately social distance in the hallways.
- While in the locker room:
  - o Pay special attention to the capacity limits: as one student departs, another can enter.
  - o Adhere to the 2020-21 NYA Health and Safety Agreement, specifically as it applies to social distancing and mask wearing.
  - o Change at specific locations, designated in each space by a small orange "X."
- Students are encouraged to be as efficient as possible while moving in and out of the locker rooms and onto their training venues.
- Loitering in the locker rooms, hallways, lobby, or anywhere on campus is not allowed.
- Use of NYA's Travis Roy Arena locker rooms is outlined by Alex Kloza and the rink staff.

**BOYS: Week of 12.07.20**

***All grades will be in the Curtis Gym locker room***
