

# Fur & Feather Flock Together

An Earth Day Alliteration Poem by NYA Kindergarten Class 2021

We read a book

About a bear name Nook

And his friend, **P**enny the **P**uffin.

They spread the word

And it was heard

By Miss KB's **c**aring **k**indergarten **c**lass.

With each connection

We make a reflection

On how we can save the Earth:

**E**nzo **E**lk **e**xcitedly picks up trash.

**W**yatt **W**oodpecker **w**on't **w**ait to turn off his **w**ater.

**T**rent **T**routh **t**ries to eat all his healthy **t**reats.

**E**d **E**lectric **E**el saves **e**nergy by turning off his **e**lectronics.

**A**nnabelle **A**ntelope plants **a**nthericums.

**E**lliana **E**lephant **e**nergetically turns off lights.

**T**ucker **T**urtle donates his old **t**oys and **t**reasures.

**S**adie **S**alamander **s**preads **s**eeds to birds.

**KB** **K**angaroo **k**eeps on **c**omposting.

What can you do

To help us too

On this **e**legant **E**arth Day and **e**veryday?
