

¡Bienvenido a Español IV!

During the summer, it is important to continue your exposure to Spanish so that your brain doesn't lose all of the amazing progress you've made in Spanish III!

This summer I am asking you to complete the tasks listed below. While they **are all due on the first day of school after summer break**, you are more than welcome to complete them throughout the summer. In fact, I encourage you to do so.

Firstly: Please create a Word document or a PowerPoint with the title "Summer Assignment 23 – Spanish 4 – YOUR NAME" (this will be where you store ALL of your summer work to submit to me)

Secondly: You are NEVER allowed to use a translator nor should you be translating whole sentences. You are, however, allowed to use wordreference.com or a dictionary to look up words as you need. Keep in mind, I want to see YOUR writing and how YOU use the language. I am not looking for perfection, here, just effort.

Lastly: If you have any questions or problems, please do not hesitate to email me (sbrooks@nya.org)

****Your entire document with ALL screenshots, videos, and summaries is due to me via email on the first day of class after summer break. If you finish it early, you are welcome to send it to me, but please do not send me your document/powerpoint until all tasks have been completed****
