

NORTH
YARMOUTH
ACADEMY

School Choice/Town Tuition

If you reside in a municipality that does not provide a local public school option, you may be eligible to receive “town tuition” to help offset the cost of attending North Yarmouth Academy. Eligibility requirements, award amounts, and application processes vary by municipality.

Families should contact their town directly for specific information regarding qualification and funding.

If you receive town tuition, the funds will be credited to your family contribution balance upon receipt of payment from your municipality. Families are responsible for applying directly to their town for these funds.

- **For families not receiving financial aid:**
Any town tuition funds provided by your municipality in excess of the estimate used in this Enrollment Agreement will be credited to your student’s Accounts Receivable account.
- **For families receiving financial aid from NYA:**
Any town tuition funds provided by your municipality in excess of the estimate used in this Enrollment Agreement will be retained by NYA and applied toward the financial aid award.
